

Whiz Kids with \$500 in vouchers for books and other materials for each new study hall session that opens. We also conducted an evaluation of the program (1998/99) in conjunction with the Graduate School of Education at the University of Denver. This study showed us that students engaged with Whiz Kids tutors gained between one and three academic grade levels in reading competencies over a 1-year time frame.

"For their part, Whiz Kids Tutoring provides Denver Public Schools with a wonderful benefit each school year. Nearly 600 of our students receive one-on-one academic support and mentoring each year, making Whiz Kids the largest single provider of such services to the district. The agency provides excellent support and training to its volunteers, which is reflected by the extremely high commitment level the volunteers exhibit. Recruitment, training, and management of all volunteers are provided by Whiz Kids, eliminating any costs to DPS in these areas. Also, by partnering with neighborhood churches and community centers to provide space for group activities, Whiz Kids greatly reduces the overhead costs of the program, which might otherwise be incurred by the district in a school-based operation.

"The relationship between Whiz Kids Tutoring and Denver Public Schools is an excellent model of collaboration and provides a vital service to the children of our district. I appreciate your consideration of the Whiz Kids Tutoring grant proposal and give it my full endorsement as a partner. Should you require additional details regarding our partnership, please feel free to contact me at 303-764-3580. Sincerely, Christine Smith, Director, Denver Public Schools Office of Community Partnerships and Enterprise Activity."

Mr. President, Whiz Kids is a great program which enriches the lives of students, provides a fulfilling opportunity for volunteers, and gives them a wonderful opportunity to put their faith into action. Every community ought to have a program like this.●

IN RECOGNITION OF THE 100th ANNIVERSARY OF THE VILLAGE OF SOUTH RANGE

● Mr. LEVIN. Mr. President, I am pleased to recognize the Village of South Range, located in the beautiful upper peninsula of my home State of Michigan, as it celebrates its 100th anniversary. South Range is located in the middle of the Keweenaw Peninsula, which makes up the northernmost point of my home State.

The Village of South Range derives its name and much of its history from the copper mining industry that operated in that area from 1840 until the closing of the last mine in 1970. In 1903, the Wheal Kate Mining Company sold off land from its failing copper mining business and created the town of South Range. During the early 1900s, much of

the Keweenaw Peninsula was controlled by the copper mining industry. The creation of South Range provided miners the opportunity to individually purchase property that had formerly been owned by the large mining companies.

Over the next 100 years, the residents of South Range watched many of their neighboring towns disappear as American industry declined and no longer needed the resources that this region could provide. However, South Range survived because of the perseverance of the families who lived there and the businesses that grew to support them.

Today, the Village of South Range and its 800 residents enjoy a year-round tourism industry as well as the beautiful surroundings of the Keweenaw Peninsula. People travel from all over the Midwest to enjoy the vibrant fall colors, winter snow sports, and calm summer nights of northern Michigan.

I take great pride in congratulating the Village of South Range as it celebrates its centennial anniversary. The beauty and history of the central Keweenaw Peninsula is truly something to be proud of. I know my Senate colleagues will join me in saluting the Village of South Range and wish its citizens luck as they head into their next 100 years.●
